And your time to get this guide as among the compromises has been ready. Celestina was maneuvered aside as the surgical team began resuscitation procedures. Stunned, she backed away from the table until she encountered a wall. In southern California, as dawn of this new momentous day looms. Behind them, two shots roared, and Paul knew that the reverend was no longer of this world. On this momentous day, however, drawing provided no solace. Frequently, her hands shook, and she could not control the pencil. "Why? What was he going to get out of it?" After just twenty-one days, the boy's adaptation to blindness was amazing but clearly the gathered audience stood in anticipation of something more remarkable than his unhalting progress and unerring sense of direction. "Oh, Wally, I am worried. I'm deeply worried. My mama is going to buy herself a first-class ticket to the fiery pit if she doesn't stop this prevaricatin' ". Even though the detective was on the wrong track, Junior was beginning to feel aggrieved. As any good citizen, he was willing, even eager to cooperate with responsible policemen who conducted their investigation by the book. This Thomas Vanadium, however, in spite of his monotonous voice and drab appearance, gave off the vibes of a fanatic. "Your forgiveness won't make any of it right," he said, "nothing could, but it might start to give me a little peace." He reached toward the dead man's closed hand, but he couldn't find the courage to touch it. He was afraid that if he pried open the stiff fingers, he would discover a quarter inside. "She's got preeclampsia. It's a condition that occurs in about five percent of pregnancies, virtually always after the twenty-fourth week, and usually it can be treated successfully. But I'm not going to sugarcoat this, Celestina. In her case, it's more serious. She hasn't been seeing a doctor, no prenatal care, and here she is in the middle of her thirtyeighth week, about ten days from delivery." He prepared his knives and guns. Blades and bullets. Fortune favors the bold, the self-improved, the self-evolved, the focused. If they were suspicious of him, they showed no obvious alarm. The three went inside in no particular rush, and judging by their demeanor, Junior decided that they hadn't spotted him, after all. A mutual interest in ballroom dancing had resulted in their introduction when each needed a new partner for a fox-trot and swing competition. Nolly had started taking lessons five years before he had met Kathleen. Unable to continue Tehanu's story (because it hadn't happened yet) and foolishly assuming that the story of Ged and Tenar had reached its happily-ever-after, I gave the book a subtitle: "The Last Book of Earthsea." At the grave, they arrived with red and white roses. Agnes carried the red, and Barty brought the white. Throughout the day, he tried not to think about the four knaves. But he was an obsessive, of course, so in spite of all his trying, he did not succeed. For a moment, Lipscomb continued, "her voice became clear, no longer slurred. She raised her head from the pillow, and her eyes fixed on me, all the confusion gone. She was so ... intense. She said ... she said, 'Rowena loves you.' If he killed Bartholomew and got away clean, as he expected that he would, then he could subsequently return everything in the van to the apartment. He was just being prudent by planning for his future, because the future was, after all, the only place he lived. Maria arranged five place settings instead of four. The fifth--complete with silverware, waterglass, and wineglass--was at the head of the table, in memoriam of Joey. The first time, she required a pencil, paper, and nine minutes to calculate the number of elapsed seconds since an event that had occurred 125 years, six months, and eight days in the past. Her answer differed from his, but while proofing her numbers, she realized that she had forgotten to factor in leap years. They would have given him an antinausea medication. It most likely wasn't going to work quickly enough to save him. In the time of the kings, mages gathered in the court of Enlad and later in the court of Havnor to counsel the king and take counsel together, using their arts to pursue goals they agreed were good. But in the dark years, wizards sold their skills to the highest bidder, pitting their powers one against the other in duels and combats of sorcery, careless of the evils they did, or worse than careless. Plagues and famines, the failure of springs of water, summers with no rain and years with no summer, the birth of sickly and monstrous young to sheep and cattle, the birth of sickly and monstrous children to the people of the isles--all these things were charged to the practices of wizards and witches, and all too often rightly so. Although he didn't believe in destiny, in fate, in anything more than himself and his own ability to shape his future, Junior couldn't deny how extraordinary it was that this woman should cross his path at this precise moment in his life, when he was frustrated to the point of cerebral hemorrhage by his inability to find Bartholomew, confused and nervous about the phantom singer and other apparently supernatural events in his life, and generally in a funk unlike any he had ever known before. Here was a link to Seraphim and, through Seraphim, to Bartholomew. Meanwhile, she could offer him only a few pieces of ice, which he was forbidden to chew. "Let them melt in your mouth." He doubted the Studebaker would ever be found, but successful men were, without exception, those who paid attention to detail. Murmuring on the edge of sleep, Barty spoke to his father in all the places where Joey still lived: "Good-night, Daddy." "Chateau Le Bucks, 1886. We can have a bottle of that or you could buy a new car, and personally I believe thirst comes before transportation." Grace, of course, was a strong woman for whom faith was an armor against far worse than embarrassment. Celestina knew that Mom would suffer immeasurably more heartache by remaining in Oregon than what pain she might experience at her daughter's side, but Phimie was too young, too naive, and too frightened to grasp that in this matter, as in all others, her mother was a pillar, not a reed. In the living room stood a Christmas tree, and under the tree lay prettily wrapped presents. Junior enjoyed opening all of them, but he didn't find anything he wanted to keep. When he noticed a blonde staring at him from a nearby booth, he smiled and winked at her. Although she was not attractive enough to meet his standards, there was no reason to be impolite. With some sharp instrument, probably a knife, Cain had stabbed and gouged the red letters, working on the wall with such fury that two of the Bartholomews were barely readable anymore. The Sheetrock was marked by hundreds of scores and punctures. Using a clean rag that they had brought to polish the engraved face of the memorial, Barty said, "Is he good with numbers like me?" THE MORNING THAT it happened was bright and blue in March, two months after Barty took Angel for a dry walk in wet weather, seven weeks after Celestina married Wally, and five weeks after the happy newlyweds completed their purchase of the Galloway house next door to the Lampion place. Selma Galloway, retired from a professorship years earlier, had subsequently retired further, taking advantage of the equity in her long-owned home to buy a little condo on the beach in nearby Carlsbad. Junior was pleasantly surprised by his flexibility and by his audacity. He was, indeed, a new man, a daring adventurer, and by the day he grew more formidable. She wanted to go to San Francisco with Celestina, to have the baby in the city, where the father--and not incidentally her friends and Reverend White's parishioners--would never know she'd given birth. The more her parents and sister argued against this plan, the more agitated Phimie became, until they worried that they would jeopardize her health and mental stability if they didn't do as she wished. In the gallery windows, eight of the nine sculptures were so disturbing that many passersby, catching sight of them, blanched and looked away and hurried on. Not everyone can be a connoisseur. "There is no king in Earthsea," the young man

said, stern and righteous, "In my master's service, then," Hound amended, patient. "You'll catch pneumonia," she warned, reaching across the boy to flip the passenger's-side vent toward him. Dinner was cooking in the upper of the two ovens. He switched the bottom oven, setting it at warm, and dropped open the door. Of course, he had the Pinchbeck and Gammoner identities waiting, two escape hatches. But he didn't want to use them. He liked his life on Russian Hill, and he was loath to leave it. Between his surgeries and for many months thereafter, Vanadium had devoted his energies to speech therapy, physical rehabilitation, and the concoction of periodic torments for Enoch Cain, which Simon Magusson was able to implement, every few months, through Nolly and Kathleen. The idea wasn't to bring Cain to justice by torturing his conscience, since he'd allowed his conscience to atrophy a long time ago, but to keep him unsettled and thereby magnify the impact of his first face-to-face encounter with the resurrected Vanadium. Once satiated, what she desired was a reason to deceive herself into believing that she was not a slut, that she was a victim. She didn't really want to tell anyone what he had done to her. Instead, she was asking him, indirectly but indisputably, to provide her with an excuse to keep their passionate encounter secret, an excuse that would also allow her to continue to pretend that she had not begged for everything he'd done to her. As mentally demanding and stressful as it was to maintain this borrowed sight, the harder thing was looking once more upon her face, after all these years of blindness, only to see her gaunt, so pale. The vital, lovely woman whose image he had guarded so vigilantly in memory would be nudged aside hereafter by this withered version. He nervously fingered the fabric of his slacks, outlining the quarter in his pocket. Still there. "He knew how you felt about having too much life insurance. So he didn't disclose it to you." The reverend said, "I'm sure you underestimate my parishioners, Celestina. They won't be scandalized. They'll open their hearts." The following morning, he canceled his German lessons. It was an impossible language. The words were enormously long. That same day, he dared to visit two galleries. Neither of them had a pewter candlestick on display. Room by room, closet by closet, Junior conducted a search for the detective. The cop was not here. Scamp had fabulous legs, and her bralessness left no doubts about the lusciousness and authenticity of her chest, but after an hour of conversation about something or other, before suggesting that they leave together, Junior maneuvered her into a reasonably private corner and discreetly put a hand up her skirt, just to confirm that his gender suspicions were correct. The friendship, the work, and not least of all the sense of home and belonging that everyone felt within minutes of crossing Agnes's threshold—these things appealed to Celestina and Grace. But they didn't want Paul to feel that his hospitality was unappreciated. The following day, Wednesday, December 27, his mother drove him to the library, where he checked out two Heinlein titles recommended by the librarian: Red Planet and The Rolling Stones. Judging by his excitement, on the way home in the car, his response to previous mystery-novel series had been a pleasant courtship, whereas this was desperate, undying love. Sunday, Junior hid out from Scamp, using his Ansaphone to screen her calls, and worked with such astonishing focus on his needlepoint pillows that he forgot to go to bed that night. He fell asleep over his needles at ten o'clock Monday morning. Kaitlin had the piercing voice and talent for vituperation that marked her as a member of the Hackachak tribe, but for now she was content to leave the vocal assault to her parents. The stare with which she drilled Junior, however, if brought to bear on a promising geological formation, would core the earth and strike oil in minutes. "Yes. Sodium chloride will work, too. Common salt. Mix enough of it with water, and it's generally effective." Indeed, Junior suspected that they might be here at Vanadium's urging. The cop would be interested in determining how avaricious the mourning husband would prove to be when presented with the opportunity to turn his wife's cold flesh into cash. Friday night, mystified and troubled, he hadn't slept much, and each time that he dozed off, he had dreamed of being alone in a bosky woods, stalked by a sinister presence, unseen but undeniable. This predator crept in silence through the underbrush, indistinguishable from the lowering trees among which it glided, as fluid and as cold as moonlight, but darker than the night, gaining on him relentlessly. Each time that he sensed it springing toward him for the kill, Jacob woke, once with Barty's name on his lips, calling out to the boy as though in warning, and once with two words: the knave. . . . Junior thought he was alone, but just when he felt capable of summoning the energy to shift to a more comfortable position, he heard a man clear his throat. The phlegmy sound had come from beyond the. Visibly nonplussed by Junior's blithe failure to terminate the handshake when the shaking stopped, the fussy Neddy didn't want to be so rude as to yank his hand loose, or to cause a scene regardless of how small, but Junior, smiling and pretending to be as socially dense as concrete, failed to respond to a polite tug. So Neddy waited, allowing his hand to be held, and his face, previously as white as piano keys, brightened to a shade of pink that clashed with his red boutonniere. His previous plan to create a tableau—butter on the floor, open oven door—to portray Victoria's death as an accident was no longer adequate. A new strategy was required. Astonished and appalled by the cop's insensitivity, Junior said, "You just drop this on me? I lost my wife and my baby. My wife and my baby."
