"Last summer."smoke he saw far down the shore. Behind him were the tracks of an otter's four feet coming up from.her bright eyes on Tern, and he nodded..they went on pressed close side by side for comfort and for the little warmth. They walked slower,.All the thoughts he had not been able to think for days and weeks were racing through his head, a storm of ideas and feelings, a passion of rage, vengeance, pity, pride..He did not ask if Otter was picking up any sign of the ore; he did not ask whether he was seeking the ore or pretending to seek it. Otter himself could not have answered the question. In these aimless wanderings the knowledge of the underground would enter him as it used to do, and he would try to close himself off to it. "I will not work in the service of evil!" he told himself. Then the summer air and light would soften him, and his tough, bare soles would feel the dry grass under them, and he would know that under the roots of the grass a stream crept through dark earth, seeping over a wide ledge of rock layered with sheets of mica, and under that ledge was a cavern, and in its walls were thin, crimson, crumbling beds of cinnabar... He made no sign. He thought that maybe the map of the earth underfoot that was forming in his mind could be put to some good use, if he could find how to do it..After a long time the young man said, "What else can I do?".He spent the whole afternoon in confusion, angry. When Ember came out of the Grove to her leafy."Oh, they'll come for the glory," said the harper, a lean, long-jawed, wall-eyed fellow of forty..Lands, a governing caste was established early, and most of the great islands and cities are ruled.She could see his mind dance ahead of hers, taking up and playing with ideas, transforming them as.the sorcerers and witches. And I don't feel easy about it. As if I'd left something unfinished. But it is your name. If it betrays you, then that's the truth of it." Rose hesitated and then spoke less angrily, more coldly: "If you want the power to betray me, Irian, I'll give you that. My name is Etaudis.".expression. "Emer," he said, and closed his eyes again..litle to lose. The wise man and wise woman, trusted and held in reverence, gave way to the stock.stole a mouthful of milk sometimes; and now she willingly took the traveler home. She walked, slow."Until the wind changes, eh?" said the Patterner..I looked at her. She was quite serious. Well, yes, how was she to know? I shrugged."And who shall stand against him?" said the Patterner. "I can only hide in my woods"..the island, a sea no boat could venture out in..what you ask, and for that we ask your forgiveness. But if you seek to stay here you forfeit.greeting people, I no longer crushed their hands. That was easy. But, unfortunately, the least.The Doorkeeper came back and said, "Come, Irian, and meet the Masters of Roke." Her heart began to go at a carthorse gallop. She followed him through the maze of corridors to a dark-walled room with a row of high pointed windows. A group of men stood there, and every one of them turned to look at her as she came into the room..He tried to remember how to make light. Anieb said to him,

plaintively, "Can't you make the light?" But he could not. He crawled in the dark till the sound of water was loud and the rocks under him were wet, and groped till his hand found water. He drank, and tried to crawl away from the wet rocks afterward, because he was very cold. One arm hurt and had no strength in it..The slave, short and thin, hairless, with running sores on his hands and arms, uncapped a stone cup by the rim of the condensing shaft. Gelluk peered in, eager as a child. "So tiny," he murmured. "So young. The tiny Prince, the baby Lord, Lord Turre. Seed of the world! Soul-jewel!".The music started up, distant, blurred by wind and the murmur of the river running..full of sleep and bewilderment and pain.."Did you think I was one of their eunuchs? That I'd castrate myself with spells so I could be.The young man, called Ivory, did not actually have his staff and cloak yet; he explained that he was to be made wizard when he went back to Roke. The Masters had sent him out in the world to gain experience, for all the classes in the School cannot give a man the experience he needs to be a wizard. Birch looked a little dubious at this, and Ivory reassured him that his training on Roke had equipped him with every kind of magic that could be needed in Iria of Westpool on Way. To prove it, he made it seem that a herd of deer ran through the dining hall, followed by a flight of swans, who marvellously soared through the south wall and out through the north wall; and lastly a fountain in a silver basin sprang up in the centre of the table, and when the Master and his family cautiously imitated their wizard and filled their cups from it and tasted it, it was a sweet golden wine. "Wine of the Andrades," said the young man with a modest, complacent smile. By then the wife and daughters were entirely won over. And Birch thought the young man was worth his fee, although his own silent preference was for the dry red Fanian of his own vineyards, which got you drunk if you drank enough, while this yellow stuff was just honeywater..didn't like to presume. Whatever he was, he wasn't a beggar by choice.."Go on," the wizard said, and he went..It looked very old. It had been rebuilt and rebuilt again, but not for a long time. Nor had anyone lived in it for a long time, from the feel of it. But it was a pleasant feeling, as if those who had slept there had slept peacefully. As for decrepit walls, mice, cobwebs, and scant furniture, none of that was new to Irian. She found a bald broom and swept out a bit. She unrolled her blanket on the plank bed. She found a cracked pitcher in a skew-doored cabinet and filled it with water from the stream that ran clear and quiet ten steps from the door. She did these things in a kind of trance, and having done them, sat down in the grass with her back against the house wall, which held the heat of the sun, and fell asleep..either side of the raised walkway that ran down the middle. Several times I mistook the figures.mere pretence at this crazy scheme - without giving up his salary and his precarious.to stare at me with suspicion and amazement..Otter was silent a while. He did not go in, but spoke in the open door. "Master San, it's about the cattle you have there between the rivers. I can go to them today." He did not know why he said this. It was not what he had meant to say..his conscience as a wizard told him he could put a hex on her, a curse woven right into her beams.Often her mind here seemed empty of thought, full of the forest itself, but this day memories came.There are different kinds of knowledge, after all.".She turned away from him and them and went on up the hill in the gathering darkness. As she went.After a while the Patterner said, "That art, summoning, you know, is very . . . terrible.
