Being uniquely sensitive, he had mourned Naomi with his entire body, with violent emesis and pharyngeal bleeding and incontinence. His grief had been so racking that it might have killed him. Enough was enough..He doubted that the singer had been Victoria Bressler, dead nurse, but he believed this was the same voice he'd heard on the telephone, back on the twenty-fifth of June, when someone purporting to be Victoria had called with an urgent warning for Bartholomew.. "This is going to be an enormous settlement," the attorney promised. "And there's more good news. County and state authorities have agreed to close the case on Naomi's death. It's now officially an accident..In the noble ruin of his face, Thomas Vanadium's smoke-gray eyes were striking, filled with a beautiful ... sorrow. Not self-pity. He clearly didn't regard himself as a victim. This, Kathleen felt, was the sorrow of a man who had seen too much of the suffering of others, who knew the evil ways of the world. These were eyes that read you at a glance, that shone with compassion if you deserved it, and that glared with a terrifying judgment if compassion wasn't warranted..He slipped behind the door and raised the pewter candlestick over his head. Weighing perhaps five pounds, the object made a formidable bludgeon, almost as good as a hammer..Tossing the knave onto the table, Agnes said, "Barty doesn't seem too impressed with this devil..Reluctantly, Jacob finally returned the cards to the packs and admitted to himself that superstition had seized him and would not let go. Somewhere in the world was a knave, a human monster-even worse, according to Maria, a man as fearsome as the devil himself-and for reasons unknown, this beast wanted to harm little Barty, an innocent baby. By some grace that Jacob could not understand, they had been warned, through the cards, that the knave was coming. They had been warned..The hum, the buzz, the rattle, the grinding of machinery, power tools. Sheet steel and tougher structural steel snarling against the teeth of a metal-cutting saw.. "Two weeks to go. I'm not going to miss that. I've cleared all appointments off my calendar..Truly, the time spent helping Agnes had given her uncountable new subjects for paintings and had begun to bring to her work a new depth that excited her. "When you pour out your pockets into the pockets of others," Agnes had once said, "you just wind up richer in the morning than you were the night before..WEDNESDAY, fully two days after delivering honey-raisin pear pies with Agnes, Edom worked up the nerve to visit Jacob..Holding up his misshapen hands, knobby knuckles toward Agnes, Obadiah said, "How do you think they became like this?..Because his lacrimal glands and tear ducts were intact, Barty could cry with his plastic eyes. Consequently, it didn't seem all that much more incredible to be seeing with them..the stems, thorns sharp against his tongue. And then Agnes. Agnes in the yard, screaming.If there had been footsteps, they had fallen silent the moment Junior froze to listen for them. Even over the hard drumming of his heart, he would have heard any noise. The pillowy fog seemed to smother sound in the alleyway more effectively than ever..She said, "Honey, what I'm wondering is ... could you walk where you don't have bad eyes, like you walked where the rain wasn't ... and leave the tumors in that other place? Could you walk where you have good eyes and come back with them?..Neddy possessed all the musical talent, but Junior had the muscle. Pinned against the wall, his throat in the vise of Junior's hands, Neddy needed a miracle if he were ever again to sweep another glissando from a keyboard..She struggled, wept, pretended disgust, faked shame, swore to bring the police down on him. Another man, not as highly skilled at reading men as Junior, might have thought the girl's resistance was genuine, Sat her charges of rape were sincere. Any other man might have backed off, but Junior was neither fooled nor confused..Maria was hand-repairing some of Joey's clothes, which Agnes had meticulously damaged earlier in the day..It could only be made better by the presence of her parents. They had planned to fly down to San Francisco this morning, but late yesterday, a parishioner and close friend had died. A minister and his wife sometimes had duties to the flock that superseded all else..Agnes's suspicion that Barty would be a child prodigy had grown from seed to full fruit on the morning of the boy's first birthday, when he'd sat in his highchair, counting green-grape-and-apple pies. Through the following two years, ample proof of high intelligence and wondrous talents ripened Agnes's suspicion into conviction..Sklent came to mind, perhaps because of the strange drawing on the girl's sketch pad. Sklent at that Christmas Eve party, only a few months ago but a lifetime away. The theory of spiritual afterlife without a need for God. Prickly-bur spirits. Some hang around, haunting out of sheer mean stubbornness. Some fade away. Others reincarnate..An hour later, when Barty decided he wanted a soda, he switched off the book and asked Angel if she would like something to drink..In truth, he was terrified. Although his need for her company was so profound that it seemed to arise from his marrow, a part of him marveled-and trembled-at his dedicated pursuit of her..She kicked off her shoes and sat beside him in bed, with her back against the headboard, still holding his hand. Even though this darkness wasn't as deep as Barty's, Agnes found that she was better able to control her emotions when she couldn't see him. "I think you must be sad, kiddo. You hide it well, but you must be..".She was of two minds about this. She wanted him, wanted to be held and cherished, to satisfy him and to be satisfied. But she was the daughter of a minister: The concept of sin and consequences was perhaps less deeply ingrained in some daughters of bankers or bakers than in a child of a Baptist clergyman. She was an anachronism in this age of easy sex, a virgin by choice, not by lack of opportunity. Although she'd recently read a magazine article containing the claim that even in this era of free love, forty-nine percent of brides were virgins on their wedding day, she didn't believe it and assumed that she'd chanced upon a publication that had fallen through a reality warp between this world and a more prudish one parallel to it. She was no prude, but she wasn't a spendthrift, either, and her honor was a treasure that shouldn't be thoughtlessly thrown away. Honor! She sounded like a maid of old, pining in a castle tower, waiting for her Sir Lancelot. I'm not just a virgin, I'm a freak! But even putting the idea of sin aside for a moment, assuming that maidenly honor was as pass? as bustles, she still preferred to wait, to savor the thought of intimacy, to allow expectation to build, and to start their conjugal life together with no slightest possibility of regret. Nevertheless, she had decided that if he was ready for the commitment that she believed he'd already teetered on the edge of expressing three times, then she would set aside all misgivings in the name of love and would lie down with him, and hold him, and give of herself with all her heart.. "Me too." He closed the ring box. Took a deep breath. Opened the box again. "Celestina, when I met you, my heart was beating but it was dead. It was cold inside me. I thought it would never be warm again, but because of you, it is. You have given my life back to me, and I want now to give my life to you. Will you marry me?..Among Junior's many gifts, his ability to focus might have been the most important. Bob Chicane, his former instructor in matters meditative, had called him intense and even

obsessive, following the painful incident involving meditation without seed, but intensity and obsession were false charges. Junior was simply focused. Leaving the engine running and the heater on, he got out of the car, leaned back inside, said, "Better lock up while I'm gone," and then closed his door. In the distance, the clang of a trolley-car bell. Hard and clear in spite of the muffling fog. Jacob intended to carry the luggage, and Edom announced that he would carry Barty. The boy, however, insisted on making his own way to the house. With the successful consumption of the burger and with the addition of the third Sklent to his collection, Junior felt more upbeat than he'd been in quite a while. Contributing to his better mood was the fact that he hadn't heard the phantom singer in longer than three months, since the library in July. Widening his eyes in calculated surprise, Junior said, "Are you a police officer?" Junior approached the headstone from behind, circled it, and shone the flashlight on the chiseled facts. Perhaps this particular worry was not ordinary maternal concern. If a sixth sense is at work in all of us, then perhaps subconsciously Apes was aware of the tragedy to come: the tumors, the surgery, the blindness. Another stiff might have required dragging; but Neddy weighed hardly more than a five-foot-ten breadstick. Junior hauled the body off the ground and slung it over one shoulder in a fireman's carry. He produced her coat as if by legerdemain. Magically, she found her arms in the sleeves and the collar around her neck, though given her size lately, putting on anything other than a hat usually required strategy and persistence. "Oh, dear God," she whispered, and although she had always been a strong woman who stood on a rock of faith, who drew hope as well as air with every breath, she was as weak now as the unborn child in her womb, sick with fear. Yet his heart slammed hard and heavy against his confining ribs, and fear stippled the nape of his neck. Edom removed two of the pies from the table and put them on the counter near the ovens. He rolled Neddy onto one side, but no gold watch lay underneath, so he let the musician flop onto his back again. Inevitably, he had to wonder if Naomi had kept her pregnancy secret because, indeed, she suspected that the child wasn't her husband's. Intending to keep the front of the gallery under surveillance from behind the wheel of his Mercedes, Junior checked the time as he walked toward the car. His wrist was bare, his Rolex missing. Angel returned to the table for apple juice and to announce, "They got a cookie-jar Jesus!" He was a pretty good detective, but as regarded the minutiae of daily life, he wasn't as organized as he would like to be. He never remembered to set aside his holey socks for darning; and once he had worn a hat with a bullet hole in it for nearly a year before he'd at last thought to buy a new one. Having booked the suite for three nights, Tom expected that he would spend far fewer late hours in his bed than sitting watch in the shared living room. Three minutes by car, maybe two without stop signs. He could just about run it as fast as drive it. He had a bit of a gut on him. He wasn't the man he used to be. Ironically, however, after the coma and the rehab, he wasn't as heavy as he had been before Cain sunk him in Quarry Lake. Joey was standing just outside, gazing in at her. His blue eyes were seas where sorrow sailed. Having anticipated a problem of one kind or another, Junior withdrew a packet of crisp new hundred-dollar bills from an inside jacket pocket. The bank band still wrapped the stack, and on it was printed \$10,000. This rosarium was Edom's only relationship with nature that did not inspire terror in him. Agnes believed that Joey's enthusiasm for the restoration of the garden was, in part, the reason why Edom had not tamed as far inward as Jacob and why he'd remained better able than his twin to function beyond the walls of his apartment. "She's got preeclampsia. It's a condition that occurs in about five percent of pregnancies, virtually always after the twenty-fourth week, and usually it can be treated successfully. But I'm not going to sugarcoat this, Celestina. In her case, it's more serious. She hasn't been seeing a doctor, no prenatal care, and here she is in the middle of her thirtyeighth week, about ten days from delivery." Permissions Department, Harcourt, Inc., 6277 Sea Harbor Drive, Orlando, Florida 32887-6777. www.harcourt.com "Darkrose and Diamond" first appeared in The Magazine of Fantasy and Science Fiction. Before he searched the bedroom, Vanadium walked quickly back through the rooms that he had already inspected, suddenly remembering the three bizarre paintings of which Nolly, Kathleen, and Sparky had spoken, and wondering how he could have overlooked them. They were not here. He was able to locate, however, the places on the walls where the art works had hung, because the nails still bristled from the pocket plaster, and picture hooks dangled from the nails. He paused, giving them a chance to ask the obvious question-and then smiled at their reticence. The wife killer was evil; and his evil would be expressed one way or another, regardless of the forces that affected his actions. If he'd not killed Naomi on the fire tower, he would have killed her elsewhere, when another opportunity for enrichment presented itself. If Victoria hadn't become a victim, some other woman would have died instead. If Cain hadn't become obsessed with the strange conviction that someone named Bartholomew might be the death of him, he would have filled his hollow heart with an equally strange obsession that might have led him, anyway, to Celestina, but that would surely have brought violence down on someone else if not on her. With the dead woman's guest on the way, minutes were precious. Attention to detail was essential, however, regardless of how much time was required to properly stage the little tableau that might disguise murder as a domestic accident. She got up from the chair, went to the window, and raised the venetian blind rather than look out between its slats. "I'm gifted to a small extent, and it's an unusual gift," he admitted. "Nothing world-shaking. More than anything, really, it's a special perception I've been given. Angel's gift seems to be different from mine but related. In fifty years, she's the first I've ever met who's somewhat like me. I'm still shaking inside from the shock of finding her. But please, let's save this for Bright Beach and a better evening. You go down there tomorrow with Paul, okay? I'll stay here to look after Wally. When he's able to travel, I'll bring him with me. I know you'll want him to hear what I have to say, too. Is it a deal?" Because his pinching fingers deformed the shape of her mouth, her voice was compressed: "I see all the ways you are." That night, in Barty's room, after Agnes had listened to his prayers and then had tucked him in for the night, she sat on the edge of his bed. "Honey, I was wondering... Now that you've had more time to think, could you explain to me what happened?" Tommy James and the Shondells, good American boys, had a record farther down the charts-"Hanky Panky"-that Junior felt was better than the Beatles' tune. The failure of his countrymen to support homegrown talent aggravated him. The nation seemed eager to surrender its culture to foreigners. Simon Magusson-capable of representing the devil himself for the proper fee, but also capable of genuine remorse-visited Vanadium in the hospital, soon after learning that the detective had awakened from a coma. The attorney shared the conviction that Cain was the guilty party, and that he'd also murdered his wife. "Nick," he suggested, as though any reason existed for her to be on a first-name basis with the man who killed her husband. "I wasn't drinking." Tom believed that the girl had an intuitive understanding of the true complexity of the world, but she was only three, after all, and neither ready nor able to absorb the scientific theory that supported her intuition. After the latest concerned nurse departed, Sheena leaned close. She cruelly pinched Junior's cheek between thumb and forefinger, as if she might tear off a goblet of flesh and pop it into her mouth. "Sure. There's lots of places where he didn't get shot, but there's places where he got shot and died, too." To have the best

chance of becoming a master mechanic, any young apprentice needs a mentor. The art of total card control cannot be learned entirely from books and experimentation..Celestina stood listening until she heard Wally open the outer door and then close it..mother's understanding of the world and of her own existence. Unlike most other toddlers, Barty was entirely comfortable with change. From bottle to drinking glass, from crib to open bed, from favorite foods to untried flavors, he delighted in the new. Although Agnes usually remained near at hand, Barty was as pleased to be put temporarily in the care of Maria Gonzalez as in the care of Edom, and he smiled as brightly for his dour uncle Jacob as for anyone..Agnes's contractions were getting more frequent and slightly more severe, so she said, "All right, but let me go tell Edom and Jacob that we're leaving.".Chan nodded. "Considering the advanced stage of Bartholomew's malignancies, he should have complained earlier than he did.".With a shiver, Kathleen said, "We'd like to know more about why we did the things we did for you. Why the quarters? Why the song?".Recognizing the danger of saying the wrong thing, the potential for self-incrimination, Junior clenched his jaws and waited..Celestina checked her wristwatch and saw that she was running late. With Angel's short legs and layers of red, there was no point in trying to hurry..EACH MOMENTOUS DAY, the work was done in memory of his mother. At Pie Lady Services, always, they sought new recipes and new ways to brighten the corner where they were..The cop weighed too much to be carried any distance, the blanket proved effective, the decision to drag him was wise, and the whole process was value neutral..Now Barty peered at the card, smacked his lips, smiled, and said, "Ga." With a flatulent squawk of the butt trumpet, he soiled his diaper,
